Lorraine Cavanagh QC appeared in the four conjoined Domestic Abuse appeals before the Court of Appeal [Re H-N and Others] for an intervener, the ALC.

**KK v LEEDS CITY COUNCIL AND DK**
This appeal judgment raises an important issue of procedure and practice in relation to joinder applications and disclosure of information. Joseph O’Brien appeared for the Official Solicitor in successfully resisting the appeal.

St John’s Buildings’ barristers successfully defended an appeal against a judge’s refusal to revoke a placement order. Lorraine Cavanagh QC led Matthew Carey for the local authority and Karl Rowley QC led Mark Senior for the children. The Court of Appeal took the opportunity to address the applicable principles to an application to revoke a placement order after leave has been granted.

**IN THE MATTER OF F AND G (DISCHARGE OF SPECIAL GUARDIANSHIP ORDER)**

BECOMING A MEMBER

St John’s Buildings’ stability is built on the ownership of the properties from which we operate. Each member owns an equal share in our service company, St John’s Buildings Ltd, the major assets of which are our properties in Manchester, Sheffield, Chester and Liverpool. In order to join SJB, new members are expected to purchase ten shares in St John’s Buildings Ltd, with a current share price of £12 per share (i.e. £120 initial investment).

Over time, members are invited to increase their shareholding in chambers until they hold a full shareholding of 2,143 shares, the purchase arrangements and timing of which can be agreed depending on personal circumstances. We are confident that the investment in shares and expenses will easily be matched by the value of services provided and the impact it will have on an individual barrister’s practice, leaving counsel with a valuable asset when they come to depart chambers, having met their practice objectives and goals. With a strong financial footing, St John’s Buildings Ltd, the company that runs Chambers, has been profitable every year since 2013. This is a reflection of our approach to rigorous financial management and independent audit. St John’s Buildings try to offer the most comprehensive set of clerking, administration and support services to our members. Our expenses are on a sliding scale of between 9.5 and 14%, with a standing monthly charge of £125. In return for that investment members not only benefit from being a member of a cohesive, forward-looking Chambers, but also from a comprehensive list of specific services provided by Chambers, as set out at pages 10-12.
REBECCA PENFOLD

I moved to St John’s Buildings in February 2020 from my London chambers, where I had completed pupillage and spent a happy seven years. It was therefore a big, daunting move, and little did I know we were about to go into a global pandemic. Despite that, SJB pulled through; the junior team became a much needed source of collegiate support, the IT infrastructure in Chambers meant the move to virtual work was seamless and the clerking team ensured that my diary remained busy and I developed new professional relationships. The past year has caused many so much worry, but moving to Manchester to a set with such firm foundations and surplus of work was one of the best professional decisions I have made.

It is difficult to decide what the strongest aspect of SJB is for me, but ultimately the criminal clerking team is second to none. I cannot sing their praises enough. The opportunities for work are incredible, and if I wanted my diary would be full of well-paid work, but it remains clear that my practice management is key to every clerking decision. I am treated as an individual and my future practice aims are always at the forefront of the clerks’ minds - they are one step ahead of me in ensuring my practice develops in the way I want it to.

There is a happy mix of people across practice teams and across the four Chambers sites. It is a big set but I do not feel lost at all. In spite of all the challenges in the past year, I have thoroughly enjoyed my first year and look forward to what the future holds for me at SJB!
CASE STUDIES

FRANCES HEATON QC

In 2013, I joined SJB from a local Manchester-based set. Although I had built a very successful junior practice in that set, from which I successfully applied for silk, I was concerned about the long-term future. SJB appeared to me to have a clearer understanding of the likely shape of things for the Bar and legal services generally. In short it was already off the starting-blocks in adapting and developing strategies [eg business development, marketing and technology] to deal with the road ahead. SJB barristers were regularly in cases with me and spoke highly of the clerking, management and the collegiate atmosphere, which was readily apparent and has always been an important aspect of my work.

Since joining I have been delighted with the way in which my practice has grown and developed, being managed by a committed core team of clerks. Naturally my knowledge and involvement in the management of Chambers enhanced and exceeded my expectations. I can work without the worry of other aspects of practice administration.

Having experienced the benefits of joining SJB, I was pleased to be the successful candidate for the role of Joint Head of Chambers in 2019 and to immerse myself in assisting SJB achieve our future goals.

If you want to join a chambers that offers you a better quality of work or a practice that is managed and clerked effectively and in your best interests and those of your clients, please contact our Chief Executive, Chris Ronan, to find out what St John’s Buildings can do for you and your practice.
