PUPILLAGE GUIDE

Welcome to St John's Buildings.

This brochure will guide you through all aspects of pupillage here, from why you should consider applying to us, to details about the process, key dates and case studies of past pupils.

We view Pupillage as a vital way of developing high calibre tenants who will ensure the continued success of St John's Buildings in the future.

We make a considerable investment in our pupils and most pupils become tenants. We hope you will consider applying to St John's Buildings and we look forward to finding out more about you.

Chris Ronan, Chief Executive

WHO ARE WE?

We are one of the largest sets of barristers' Chambers in the UK, with 235 members and 75 support staff across four cities.

DELIVERING EXCELLENCE

We have a proven reputation for providing expert barristers and delivering a complete legal solution. We build long-term partnerships with clients by providing exceptional counsel backed by professional, reliable and consistently high quality standards of service.

FORWARD-THINKING

We are an early and enthusiastic adopter of new technology and AI to facilitate better and more cost-effective service delivery. Innovations include electronic booking, cloud storage, online diaries, remote access and automated billing. We invest heavily in our IT infrastructure and related technologies.

We have developed and employ award-winning electronic case collaboration software, which greatly improves client service while enabling a dramatic reduction of both our costs and our environmental footprint.

Already one of the largest Chambers in the country, we are following a strategy for growth to enhance our ability to service clients' needs by providing advocacy and advisory services nationally. This strategy is underpinned and enabled by our values of Service Excellence, Approachability, Community and Agility. These values define how we behave collectively and individually, to clients and to colleagues.

OUR CLIENTS

Our clients are spread nationally and range from the full spectrum of legal firms, insurance firms, local authorities and high-net-worth individuals through to commercial enterprises and SMEs.

PUBLIC ACCESS

Members of Chambers accept instructions from members of the public under the direct access rules, and we are developing and marketing this area as a key new business stream.

OUR PRACTICE AREAS

Our Chambers offers a wide range of services and each barrister belongs to at least one of our practice groups.

One of our greatest strengths is that each individual barrister benefits from being part of a cohesive team within a large, multidisciplinary set of Chambers. This means that we can offer expertise and experience in a wide range of areas, with each area complementing and informing others. It also means that we are able to consider pupillage applications in each of our specialist areas.

Accidents Abroad	ADR and Mediation	Banking, Finance and Insolvency
Catastrophic Injury	Clinical Negligence	Company and Commercial
Costs	Court of Protection	Courts Martial and Service Law
Crime	Data and Information Law	Disease
Education	Employment	Family - Children

OUR VALUES

SERVICE EXCELLENCE

We are proud to have been recognised as Chambers of the Year on numerous occasions and continue to apply the same high standards across all sites. Our barristers and staff are committed to delivering high-quality services and support to all of our clients. We don't rest on our laurels, but continuously seek to improve our services.

APPROACHABILITY

Our clients say we are friendly and approachable. We provide a supportive service and environment to clients, members and colleagues. We are always exploring ways to ensure our services are accessible and welcome Direct Access clients.

COMMUNITY

Our barristers and staff work together to provide a seamless service to clients. Our barristers enjoy collegiate support across practice groups and sites, sharing their expertise to develop others. Welfare is high on the agenda in Chambers and we have been recognised for our work in this area by the Bar Council. Equality, diversity and inclusion are critical to Chambers' success, both as a workplace and service provider.

AGILITY

Forward thinking - we scan the horizon and talk with market leaders about technical opportunities to enhance our services. We continue to adapt to market needs and challenges to ensure continuity and to provide the services our clients want and need. We embrace new technology enabling our barristers to work anywhere in the UK and radically reducing our use of paper.

DIVERSITY IN PUPILLAGE

BRIDGING THE BAR

Chambers is proud to have signed up to the Bridging the Bar Mini Pupillage scheme. Bridging the Bar is a charity committed to the promotion of equal opportunities and diversity at the Bar. The organisation has three objectives:

- Equal access to opportunity: An integral part of this is enabling students from non-traditional backgrounds to gain practical work experience with barristers through a structured mini pupillage programme
- Mentorship: By connecting a diverse pool of students with dedicated mentors, the aim is to make the Bar a more accessible and better understood profession
- Transparency: BTB directories are a point of reference which serves to highlight those chambers and organisations which are leading the way towards equal access to opportunity.

Find out more by visiting bridgingthebar.org

EQUALITY OF OPPORTUNITY

We are strongly committed to equality of opportunity and will apply objective criteria in all shortlisting and selection processes. We aim to ensure there is no discrimination on the basis of sex, sexual orientation, gender reassignment, marital status, disability, race, nationality, ethnic origin, colour, religion or belief, class or age in recruitment and working life at Chambers. We are committed to making reasonable adjustments to accommodate candidates with a disability. We particularly welcome applications from black and minority ethnic candidates and those with a disability, who are under-represented in our membership.

EQUALITY POLICY

Chambers is committed to equal opportunities in all aspects of its work. All Barristers have committed to observe the Bar Council Conduct in relation to non discrimination in the acceptance of work, the carrying out of that work and all dealing with clients, colleagues, staff and others. All staff have committed to comply with this policy.

WHY APPLY FOR PUPILLAGE AT SJB?

WHY CHOOSE SJB?

- We are a friendly, efficient set, based in four great northern cities
- We have a proven reputation for the quality of our advocacy
- We have an ambitious strategy focused on continued growth across all practice groups
- We have a clear focus on business development
- We provide a supportive environment in which pupils can flourish and learn
- Our pupils are sought after and very busy
- Our pupils are in court 95% of the available working days
- We offer a rich and diverse training package in a professional and friendly environment.

WHAT DO WE OFFER?

During the first six months of pupillage a grant of £10,000 is made to all pupils and during the second six months there is an earning guarantee of £20,000. Most importantly for any applicant with real aspirations, we offer pupillage with a view to tenancy. That gives you the opportunity to be part of one of the biggest and most diverse sets of Chambers in the country.

YOUR PUPIL SUPERVISOR

We are deliberately flexible as to who is the best pupil supervisor for any particular intake. The Management Committee decides the number and practice areas of pupillages to be offered for the coming year and invites suitable members of Chambers to be pupil supervisors.

The members are selected on the basis of the quality of their practice, their ability to provide guidance and support and their ability to relate to others.

Our pupil supervisors will be familiar with and act in accordance with The Bar Standards Handbook. He/she will ensure to the best of his/her ability that any pupil receives experience, instruction and advice in accordance with the appropriate pupillage checklist and they will use their best endeavours to introduce pupils to colleagues and professional clients.

STRUCTURE OF PUPILLAGE AT SJB

The one-year training period is split into two halves. The first six months give you a chance to learn about the Bar and life in Chambers as well as your specialist chosen area of law, under close supervision from a pupil supervisor, who is a specialist in that field. This will include working on cases with your supervisor and learning from them. The second six-month period will see you owning and carrying out advocacy on cases and representing clients with close supervision from your pupil supervisor.

Your progress will be monitored on a continuing basis through the whole of the pupillage by your pupil supervisor.

We offer monthly review meetings with the chief executive, to ensure that you feel that you are getting the most out of your pupillage.

Formal monitoring will take place every three months, so that you and your pupil supervisor can assess your progress by reference to a pupillage checklist so as to:-

- Identify which areas of work have been covered;
- Identify which areas of work remain to be covered and discuss how this will be achieved;
- Give you and your supervisor an opportunity to comment in writing generally on all or any matter relating to the conduct of your pupillage.

This way we can ensure that you get the best training possible.

Towards the end of the second six months of the pupillage period, the Pupillage Committee will meet with the pupil supervisor and the Head of Chambers to review your progress.

PUPILLAGE GATEWAY

APPLYING

OUR CRITERIA

We are looking for commitment, passion, intelligence and drive. We expect candidates to have at least AAB at A-level (or equivalent) and a minimum 2:1 degree, although we will take into account exceptional circumstances. We also look for:

- Intellectual and analytical strength
- Communication skills
- A good response to pressure
- Strong work ethic
- Advocacy skills
- Sound personality and motivation.

WILL A MINI-PUPILLAGE MAKE A DIFFERENCE?

We recommend that applicants for pupillage should try to complete a mini-pupillage in Chambers. Mini-pupillages are a great way for Chambers to get to know the applicants but also for the applicants to get to know Chambers. The fact that a mini-pupillage has not been completed will not be held against any applicant who is otherwise perfect for Chambers, but applicants who have not completed a mini-pupillage may be requested to undertake a mini-pupillage before a decision is made. CASE STUDIES

Kate Riekstina Pupil 2018, Tenant 2019

I received the phone call from our chief executive in October 2017. "We would love to offer you a criminal pupillage at St John's Buildings in Sheffield". I could not have been happier. From the moment I received the phone call to now, I have been supported by Chambers in everything that gets thrown at this young barrister.

I commenced pupillage in January 2018 as a pupil to Richard Thyne and Ian Goldsack – two of the most fantastic advocates I have ever had the pleasure to observe and learn from. As someone with no ties to Sheffield, I felt that members went out of their way to make me feel welcome in Sheffield from the moment that I joined.

I was in court almost every day during my first six. My pupil supervisors encouraged me to ask questions and discuss cases that I observed. I was given tasks to prepare opening speeches, committals for sentence, pleas in mitigation, bail applications, hearsay and bad character applications and defence statements.

My supervisors also spent time discussing what (if any) my concerns would be when I got on my feet and then tailored exercises to address those concerns. We often discussed trial strategies, cross examinations and I was given the opportunity to observe other senior counsel in Chambers throughout my first six.

The training I received made me feel comfortable as an advocate and prepared me well for my second six. I felt like I was supported and encouraged by my supervisors and everyone else in Chambers.

My second six began on a Thursday. Again, I was in court almost every day. The exercises I had undertaken in my first six meant that I was well prepared to commence my second six. I also found that the junior members of Chambers provided me with additional layer of support especially when I appeared in the Magistrates' Court.

The clerks at St John's Buildings ensured that I was busy, but not overwhelmed. One of my favourite moments in pupillage was when I spoke to our senior clerk because I wanted to shape my practice in a particular direction – I was encouraged to do so and supported by the clerks. I mention this moment because I felt valued, listened to and trusted by my senior clerk. Since then, my practice has developed steadily, and I am absolutely loving my job.

Overall, I consider to have been one of the luckiest pupils out there.

CASE STUDIES

Navpreeth Gihair Pupil 2017, Tenant 2018

I commenced a Common Law pupillage in October 2017, based in Chester.

During my first six I was assigned a pupil supervisor whose main practice area was criminal law. He was incredibly welcoming and supportive throughout the process - and is still on hand should I need anything.

Everyone I encountered in my first six was incredibly welcoming. Chambers ensured I was supported not only by the Chester site, but that I also extended my network across the other sites too. I had the opportunity to visit all of St John's Buildings' offices, and to meet with other members of Chambers, the staff and clerks. Despite my worries about being the newcomer, it quickly became apparent how friendly and open everyone is, and I settled in easily.

I was set weekly written work and shadowed members of Chambers on a daily basis. I was encouraged to give my opinion on the issues in each case, which laid the foundations for my own case preparation.

I was in court every day during my second six, which seemed intense at first glance, but in reality I was able to build up my confidence and start progressing to more complex cases over the course of the six months.

I was continually supported by the clerks, my supervisor and members of Chambers. There was no question too silly, or no time of day (or night) where I didn't have someone to turn to for support. I also met with my senior clerk on a monthly basis to provide feedback on how my experience was going.

Overall, I had a very positive and supportive pupillage experience with St John's Buildings.

CASE STUDIES

Sean Batterton Pupil 2017, Tenant 2018

I undertook Pupillage in Liverpool from 2017-2018. My pupillage and first year of practice focused on crime, but during my second year I moved fields under the guidance and support of our chief executive and senior clerks.

My experience of St John's Buildings has been nothing but positive. Chambers is a busy and friendly place to work. Whether it's having a quick chat in the clerks' room or sitting down and discussing a case with another member of Chambers, people are always interested in you and making sure that your experience as a pupil is as constructive and enjoyable as possible. Chambers and the clerks use their significant experience to guide your development.

During your pupillage you will work closely with your pupil supervisor and other members of their practice group. You will be exposed to some of the most complicated disputes, you will be expected to assist your pupil supervisor by completing research and undertaking drafting. Most importantly, you will be expected to bring your own ideas to discussions. You will have monthly meetings with your senior clerk which will focus on your experiences so far and will address any concerns that you have. You will work closely with the clerks in order to take ownership over your own development to ensure that you are able to see the work that you need to in order to successfully complete your pupillage.

Towards the end of your first six months you will be placed with more junior members of Chambers in order to experience the work that you will see during your early time in practice. You will be encouraged to join the Chambers WhatsApp groups which are active and people are always willing to help even with what may appear to you to be simple questions.

During your second six, the clerks will work closely with you to monitor the work that you are undertaking and to ensure that you are able to switch off and relax when you need it. St John's Buildings is acutely aware of the stresses on new pupils and they encourage you to use your holidays as we all need a break from time to time. One of the key benefits to members of St John's Buildings is the excellent library facilities on hand, we have access to all of the key practitioners' texts for your chosen field which helps you with your preparation and will save you a small fortune.

Outside of work Chambers has a lively social scene. During lockdown they held weekly quizzes and zoom catch ups, and the junior members of chambers regularly meet up to check in on each other. There is always someone on hand to talk to if you need to decompress after a particularly difficult hearing and everyone works to support each other.

CASE STUDIES

Rebecca Titus-Cobb Pupil 2017, Tenant 2018

I joined Chambers in 2017 having been offered a civil pupillage under the supervision of Fayaz Hammond (now District Judge Hammond) and Alistair Wright. I undertook a specialist personal injury and clinical negligence pupillage, however, I was also able to gain experience of other areas of law including immigration, inquests, regulatory and public law. I was based in Manchester but was able to travel to all sites and undertake work across the circuits which Chambers operates in.

FIRST SIX

My pupillage began with the opportunity to shadow my supervisors and others in and out of court. I would usually be in court around 4-5 days a week and would work from Chambers around court hearings. I was able to see a variety of work and gain an insight into different practice areas. For me, this included observing matters such as: conferences with clients, solicitors and experts; settlement meetings; fast track and multi-track trials; inquests; case management hearings; medical practitioners tribunal hearings and judicial review hearings in the High Court. I was also given advisory and drafting work to complete. Some of the tasks I undertook in first six included drafting advices on liability in clinical negligence cases, preparing skeleton arguments for judicial review hearings and drafting pleadings in multi-track personal injury cases.

I received comprehensive feedback on my written work and my supervisors sought my opinion and input on cases.

By the end of first six, I was expected to prepare for my supervisors' cases as if they were my own. This was challenging but ensured I was able to make the transition from first six into second six more comfortably and better prepared. I had the opportunity to shadow junior members so that I was able to see the type of work which I would be undertaking when on my feet.

SECOND SIX

During second six, I was in court most days, primarily for relatively short hearings such as small claims track hearings, assessment of damages hearings and application hearings. The value and importance of this work at such an early stage of your career cannot be underestimated and is vital to developing your advocacy skills. I also had the opportunity to undertake more varied and complex work including trials in personal injury cases, criminal injuries compensation cases and appeals in the County Court. I was also instructed to attend Crown Court trials and inquests for noting briefs. Your clerks will ensure that you are kept busy and are in court most days, however, the workload gradually increases so it does not feel overwhelming and builds at a natural pace.

CONTINUED...

You are well supported in Chambers during second six and there is a genuine attempt to enable you to succeed. Regular meetings are held with your senior clerk to touch base, provide feedback from solicitors and deal with any issues. I also met regularly with my supervisors to discuss progress and they were always available to offer advice and guidance. Junior members of Chambers are also on hand to answer any questions or just to debrief after a stressful day in court.

Throughout pupillage, I was encouraged to attend social and networking events which gave me an opportunity to get to know other members of Chambers and introduce myself to solicitors. I was one of seven pupils in my cohort, though we were based across the four sites of Chambers, we developed close friendships and it was good to have collegiate support during pupillage. Though Chambers is a large set, it is easy to get to know other members. Whether it be the at the regular book club, during weekly quizzes or just a chat in the library, there is a friendly and welcoming atmosphere in Chambers.

TENANCY

Since becoming a member of Chambers, I have been able to develop my practice in the direction which I was keen to pursue and I have been helped and supported to specialise in the areas of law which are of interest to me. I am increasingly instructed in work of higher complexity and value. My instructions include personal injury and clinical negligence cases, inquests, civil actions against public authorities including the police and immigration law. I am also starting to develop a Court of Protection practice, which has been encouraged and supported by Chambers. In light of the scope of Chambers' specialities, there are opportunities to diversify and pupillage provides an excellent opportunity to develop a thriving and successful practice.

TIMETABLE
